

## NORTH CAROLINA HARMONY BRIGADE

Greetings!

This email contains the application to the North Carolina Harmony Brigade that will be held in Southern Pines (Pinehurst) NC on January 13 – 15 at the Hampton Inn. Please complete the attached application, have a current member of NCHB sign and complete the member's endorsement section and mail the application, along with a deposit check for \$100 to me at:

Larry Kellogg  
NCHB Membership Chairman  
139 Lynwood Drive  
Madison Heights, VA 24572

Please be aware of the following:

1. Baritone slots are extremely limited therefore if you only want to be considered to sing the baritone part, please know that this will lessen your chances for a slot dramatically. With that in mind, indicate your voice part choices in priority, such as: (1) baritone; (2) lead
2. You **MUST** have an active NCHB sponsor you. If you don't know any members then contact me and I'll try to assist you with that requirement
3. If your application is accepted and you receive a written invitation to attend. Please know that this weekend is dedicated to quartet singing and you are being invited to apply because you are considered to be a good quartet man. We are not looking for merely "solid chorus guys." You must have quality quartet experiences and know what it takes to be a solid quartet performer. Each participant's **top priority** must be to create a successful quartet environment for everyone. You must come prepared. *Coming unprepared is not an option.*

If your application is accepted and you know you will be unable to meet the required singing expectations, or a conflict arises that prohibits you from attending, ***please withdraw prior to September 1.***

The Membership Team will screen your application, which may include calling your chorus/quartet references, in order to make a determination as quickly as possible. I look forward to receiving your information in the near future. Please call me if you have any follow-up questions.

Harmoniously,  
Larry Kellogg  
NCHB Membership Chair
